### DESCRIPTION OF THE ISAFE LWP APPLICATION

LWP is a simple application that manages LWP alerts.

#### SMS ALERT SETTINGS

You can preset up to five emergency numbers as well as a text message of your choice to send an alert by SMS. If, in addition, you have activated the location feature of your mobile phone, each SMS sent will also contain your GPS location.

#### CONTACT SETTINGS

You can preset up to five emergency numbers. The call is hands free and placed immediately. If the line is busy or no one answers after eight rings, the application immediately calls the next number on the list. This continues until someone picks up.

#### MOVEMENT ALERT

You can choose between three types of alert: 'Vertical 45° alarm', 'Falling alarm' and 'No moving alarm'.

#### DELIVERED WITH:

Built-in battery, charger, USB cable, quick start guide and safety instructions.

#### OPTIONAL:

Leather case (black or yellow), neck strap, aluminium protective screen.
